BUT WHAT ABOUT

THE PARADE there will be no parade into Durham though we do suggest that you take a walk into it to have a look around. It’s not far, the cathedral is worth a visit. There are places of interest on the back of the map.

LITTERBINS are placed around the site, please use them. If they’re full just tell one of the organisers and they’ll get them emptied.

PEOPLE WHO BRING DOGS unfortunately they’ll be sent packing without a refund. The site is strictly no dog site (an agreement that was made that allowed us to use the site in the first place)

A MOBILE SHOP will be visiting us every day at 9.30 till 11am and 4.30 till 5.30pm, the closest other shops are in Durham itself.

BUSES Bus timetables will be available at registration, the buses into town are fairly regular and leave on the far side of the main site. On the way back ask for Houghall College.

TAXIS there are numerous taxi ranks in town don’t try to hail one cause they rarely stop

PUBLIC PHONES are situated at reception in the main building

SMOKING RESTRICTIONS apply indoors at either of the sites. If you want to light up then please go outside.

FIRES sorry, no fires are allowed on site. If you want to light fires then go to the Bristol 9day convention.

DRINKING WATER SUPPLY has been arranged and is marked on the map. This water is OK to drink as is the water from all the internal taps

TRADERS TENT is open from 10.30am to 5pm every day, please support them and get all the latest in spanglely toys.

WORKSHOPS Included in this welcome pack is a list of workshops that had been arranged at time of going to press. If you want to volunteer for a workshop or want a specific workshop to be run then please use the workshop board at Reception.
