

## BJC Bits and Bobs

### Your safety and security

You have a pass and a show ticket. Your pass is your proof that you have paid: please keep it with you at all times. If you cannot produce a pass, you will be asked to purchase one or to leave the site. You will need your show ticket in order to get into the public show on Saturday night.

Please look out for your own safety and that of your fellow jugglers: in particular, keep an eye on children near the lake. For **first aid** please see the front desk or the Dome staff. The **fire assembly point** is in the main car park. **Fire juggling** should be done in the designated area in front of the big top by the lake, and is done at your own risk. Our insurance mandates only one person in that area at a time :-). Oh, and please don't pour or shake paraffin near the lake - it will harm the fish.

Please don't leave valuables unattended in your car or tent.

**Smoking** is not allowed inside the building, the marquee or the big top. **Fires** and **dogs** (except guide dogs) are not allowed on site; please also be considerate of our neighbours, and keep campsite **noise** down after 11pm.

For **lost property**, and **lost children**, see the front desk. If the front desk is closed, security personnel will deal with lost children.

### Thanks

Thanks to Peachi and Mini for consultancy and support, the Dome staff — particularly Steve Parker, Andy O'Grady and Michael Hart — the Teapots for all their help (especially Max Beecher), Alan Plotkin for the DVD, Julian Bishop and York Model Making and Display for the passes, SinD for balloons, the traders for their support, Swamp Circus for the big top and trapeze rig, Jeff Dobson for the marquee, and Doncaster Council. A special thank you to all the volunteers, and finally, thanks to YOU for helping to make the BJC such a fantastic event.

### BJC 2008 is run by:

**Liz Beyer** – The Boss  
**Emily Winch** – Right Hand Lady

# Welcome to BJC 2008

The BJC 2008 crew would like to give a big warm welcome to all of you who have come along for what we hope are going to be the best five days ever. We are all looking forward to it and we hope you are too!

## What should I do next?

If you've just driven a long way to get here, we suggest heading to the private bar, grabbing a drink and having a sit down! The private bar will be kept quiet all week for people who want to catch up with friends, maybe play a silly game or just chill out.

If you're jumping up and down and can't wait to juggle, head over to the sports hall - check out the workshop board for a long list of things you can learn about over the next few days, from the standard juggle stuff to the weird and wonderful, as well as a variety of workshops for aspiring performers.

If you remembered to bring a swimming costume, there's a pool: if you didn't remember, there's still the ice rink. Present your pass when you pay to get a discount.

Make sure you look through the schedule opposite, which will give you an idea of what kind of shows and events will be

happening through the week. Keep an eye on the noticeboard for late breaking details.

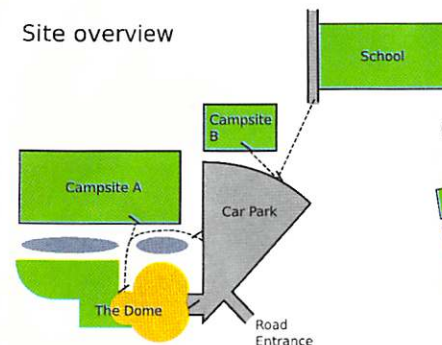

## This is my first BJC and I don't know anyone, help!

The BJC is big and can be overwhelming, but everybody's happy, friendly, and juggle - we promise you'll be feeling at home in no time. Don't be shy about smiling at complete strangers, asking someone in the gym how they did such a cool trick, or asking them if they want to pass. If you want to meet a whole lot of people, how about volunteering to work the registration desk for an hour or two, or popping along to a workshop in something that looks interesting?

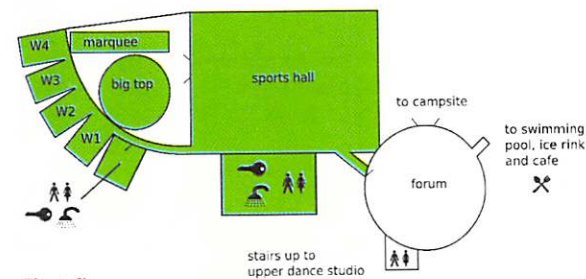

## Goodness, this must be a lot of work to organise. Can I help?

The BJC wouldn't exist if it weren't for the generosity and hard work of the juggling community. If everybody on site could lend us a hand for just one hour to do something like checking passes, manning the registration desk or running errands, the whole event will run ten times as smoothly. Please have a chat with the people on the registration desk if you can help out.
